Deductible Provisions

You and each of your covered dependents have separate Out-of-Network Calendar Year **deductibles**. Each of you must meet your **deductible** separately and they cannot be combined. This Plan has individual and family Calendar Year **deductibles**.

Out-of-Network Provider Calendar Year Deductible

Individual Deductible Limit
This is the amount of **covered expenses** that you and each of your covered dependents incur each Calendar Year from an **out-of-network provider** for which no benefits will be paid. This individual Calendar Year **deductible** applies separately to you and each of your covered dependents. After **covered expenses** reach this individual Calendar Year **deductible**; this Plan will begin to pay benefits for **covered expenses** that you incur from an **out-of-network provider** for the rest of the Calendar Year.

Family Deductible Limit
When you and each of your covered dependents incur **covered expenses** that apply towards the individual Calendar Year **deductibles**, these expenses will also count toward a family **deductible** limit.

To satisfy this family **deductible** limit for the rest of the Calendar Year, the following must happen:

> The combined **covered expenses** that you and each of your covered dependents incur towards the individual Calendar Year **deductibles** must reach this family **deductible** limit in a Calendar Year.

When this occurs in a Calendar Year, the individual Calendar Year **deductibles** for you and your covered dependents will be considered to be met for the rest of the Calendar Year.

Copayments Provision

Copayment, Copay
This is a specified dollar amount or percentage of the **negotiated charge** required to be paid by you at the time you receive a covered service from a **network provider**. It represents a portion of the applicable expense.

Payment Provisions

Payment Percentage
This is the percentage of your **covered expenses** that the plan pays and the percentage of **covered expenses** that you pay. The percentage that the plan pays is referred to as the "Plan Payment Percentage". Once applicable **deductibles** have been met, your plan will pay a percentage of the **covered expenses**, and you will be responsible for the rest of the costs. The payment percentage may vary by the type of expense. Refer to your *Schedule of Benefits* for payment percentage amounts for each covered benefit.

Maximum Out-of-Pocket Limit
The **Maximum Out-of-Pocket Limit** is the maximum amount you are responsible to pay for **covered expenses** during the Calendar Year. This Plan has an individual **Maximum Out-of-Pocket Limit**. As to the individual **Maximum Out-of-Pocket Limit**, each of you must meet your **Maximum Out-of-Pocket Limit** separately and they cannot be combined and applied towards one limit.

When you and each of your covered dependents incur **covered expenses** that apply towards the individual Calendar Year **out-of-network provider Maximum Out-of-Pocket Limit,** these expenses will also count toward a family **out-of-network provider Maximum Out-of-Pocket Limit**.

Important Notes

- Unless otherwise indicated, "you" refers to you and your covered dependents.
- Your health plan pays benefits only for services and supplies described in this Booklet as **covered expenses** that are **medically necessary**.
- This Booklet applies to coverage only and does not restrict your ability to receive health care services that are not or might not be covered benefits under this health plan.
- Store this Booklet in a safe place for future reference.

Common Terms

Many terms throughout this Booklet are defined in the *Glossary* section at the back of this document. Defined terms appear in bolded print. Understanding these terms will also help you understand how your plan works and provide you with useful information regarding your coverage.

About Your PPO Comprehensive Medical Plan

This Preferred Provider Organization (PPO) medical plan provides coverage for a wide range of medical expenses for the treatment of **illness** or **injury**. It does not provide benefits for all medical care. The plan also provides coverage for certain preventive and wellness benefits. With your PPO plan, you can directly access any **network** or **out-of-network physician**, **hospital** or **other health care** provider for covered services and supplies under the plan. The plan pays benefits differently when services and supplies are obtained through **network providers**, **out-of-network providers** and **for other health care** under this plan.

Important Note
Network providers have contracted with **Aetna**, an affiliate or third party vendor to provide health care services and supplies to **Aetna** plan members. **Network providers** are generally identified in the printed **directory** and the on-line version of the **directory** via DocFind at www.aetna.com unless otherwise noted in this section. **Out-of-network providers** are not listed in the **Aetna directory**.

The plan will pay for **covered expenses** up to the maximum benefits shown in this Booklet.

Coverage is subject to all the terms, policies and procedures outlined in this Booklet. Not all medical expenses are covered under the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. Refer to the *What the Plan Covers, Exclusions, Limitations* sections and *Schedule of Benefits* to determine if medical services are covered, excluded or limited.

This PPO plan provides access to covered benefits through a broad network of health care providers and facilities. This PPO plan is designed to lower your out-of-pocket costs when you use **network providers** for **covered expenses**. Your **deductibles**, **copayments**, and **payment percentage** will generally be lower when you use **network providers** and facilities.

You also have the choice to access licensed **providers**, **hospitals** and facilities outside the network for covered services and supplies. Your out-of-pocket costs will generally be higher when you use **out-of-network providers** because the **deductibles**, **copayments**, and **payment percentage** that you are required to pay are usually higher when you utilize **out-of-network providers**. **Out-of-network providers** have not agreed to accept the **negotiated charge** and may balance bill you for charges over the amount **Aetna** pays under the plan.

Some services and supplies may only be covered through **network providers**. Refer to the *Covered Benefit* sections and your *Schedule of Benefits* to determine if any services are limited to network coverage only.

Your out-of-pocket costs may vary between network and out-of-network benefits. Read your *Schedule of Benefits* carefully to understand the cost sharing charges applicable to you.

Availability of Providers

Aetna cannot guarantee the availability or continued participation of a particular provider. Either **Aetna** or any **network provider** may terminate the **provider** contract or limit the number of patients accepted in a practice. If the **physician** initially selected cannot accept additional patients, you will be notified and given an opportunity to make another selection.

Ongoing Reviews

Aetna conducts ongoing reviews of those services and supplies which are recommended or provided by health professionals to determine whether such services and supplies are **covered expenses** under this Booklet. If **Aetna** determines that the recommended services or supplies are not **covered expenses**, you will be notified. You may appeal such determinations by contacting **Aetna** to seek a review of the determination. Please refer to the *Reporting of Claims* and the *Claims and Appeals* sections of this Booklet.

To better understand the choices that you have with your PPO plan, please carefully review the following information.

How Your PPO Plan Works

Accessing Network Providers and Benefits

- You may select any **network provider** from the **Aetna provider directory** or by logging on to **Aetna**'s website at www.aetna.com. You can search **Aetna**'s online **directory**, DocFind®, for names and locations of **physicians, hospitals** and other health care providers and facilities. You can change your health care provider at any time.
- If a service or supply you need is covered under the plan but not available from a **network provider**, please contact Member Services at the toll-free number on your ID card for assistance.
- Certain health care services such as **hospitalization**, **outpatient surgery** and certain other outpatient services, require **precertification** with **Aetna** to verify coverage for these services. You do not need to **precertify** services provided by a **network provider**. **Network providers** will be responsible for obtaining necessary **precertification** for you. Since **precertification** is the provider's responsibility, there is no additional out-of-pocket cost to you as a result of a **network provider's** failure to **precertify** services. Refer to the *Understanding Precertification* section for more information.

- You will not have to submit medical claims for treatment received from **network providers**. Your **network provider** will take care of claim submission. **Aetna** will directly pay the **network provider** less any cost sharing required by you. You will be responsible for **deductibles**, **payment percentage**, and **copayment**, if any.
- You will receive notification of what the plan has paid toward your **covered expenses**. It will indicate any amounts you owe toward any **deductible**, **copayment**, **payment percentage**, or other non-covered expenses you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

Cost Sharing For Network Benefits

Important Note
You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the *Schedule of Benefits*.

- **Network providers** have agreed to accept the **negotiated charge. Aetna** will reimburse you for a **covered expense,** incurred from a **network provider,** up to the **negotiated charge** and the maximum benefits under this Plan, less any cost sharing required by you such as **deductibles, copayments** and **payment percentage**. Your **payment percentage** is based on the **negotiated charge**. You will not have to pay any balance bills above the **negotiated charge** for that covered service or supply**.**
- You will need to satisfy any applicable **deductibles** before the plan will begin to pay benefits.
- **Deductibles** and **payment percentages** are usually lower when you use **network providers** than when you use **out-of-network providers**.

- For certain types of services and supplies, you will be responsible for any **copayment** shown in the *Schedule of Benefits*. The **copayment** will vary depending upon the type of service and whether you obtain covered health care services from a provider who is a **Specialist** or non-**Specialist**.
- After you satisfy any applicable **deductible**, you will be responsible for your **payment percentage** for **covered expenses** that you incur. You will be responsible for your **payment percentage** up to the **maximum out-of-pocket limit** applicable to your plan.
- Once you satisfy any applicable **maximum out-of-pocket limit**, the plan will pay 100% of the **covered expenses** that apply toward the limit for the rest of the Calendar Year. Certain designated out-of-pocket expenses may not apply to the **maximum out-of-pocket limit**. Refer to your *Schedule of Benefits* section for information on what **covered expenses** do not apply to the **maximum out-of-pocket limits** and for the specific **maximum out-of-pocket limit** amounts that apply to your plan.
- The plan will pay for **covered expenses**, up to the maximums shown in the *What the Plan Covers* or *Schedule of Benefits* sections. You are responsible for any expenses incurred over the maximum limits outlined in the *What the Plan Covers* or *Schedule of Benefits* sections.
- You may be billed for any **deductible**, **copayments**, or payment percentage amounts, or any non-covered expenses that you incur.

Accessing Out-of-Network Providers and Benefits

- You have the choice to directly access **out-of-network providers**. You will still be covered when you access **out-of-network providers** for **covered benefits**. When your medical service is provided by an **out-of-network provider,** the level of reimbursement from the plan for **covered expenses** will usually be lower. This means your out-of-pocket costs will generally be higher.
- Certain health care services such as **hospitalization**, **outpatient surgery** can certain other outpatient services, require **precertification** with **Aetna** to verify coverage for these services. When you receive services from an **out-of-network provider**, you are responsible for obtaining the necessary **precertification** from **Aetna**. Your **provider** may **precertify** your treatment for you. However you should verify with **Aetna** prior to the services, that the provider has obtained **precertification** from **Aetna**. If the service is not **precertified**, the benefit payable may be significantly reduced or may not be covered. This means you will be responsible for the unpaid balance of any bills. You must call the **precertification** toll-free number on your ID card to **precertify** services. Refer to the *Understanding Precertification* section for more information on the **precertification** process and what to do if your request for **precertification** is denied.

- When you use **out-of-network providers**, you may have to pay for services at the time they are rendered. You may be required to pay the charges and submit a claim form for reimbursement. You are responsible for completing and submitting claim forms for reimbursement of **covered expenses** you paid directly to an **out-of-network provider**.
- When you pay you pay an **out-of-network provider** directly, you will be responsible for completing a claim form to receive reimbursement of **covered expenses** from **Aetna**. You must submit a completed claim form and proof of payment to **Aetna**. Refer to the *General Provisions* section of this Booklet for a complete description of how to file a claim under this plan.
- You will receive notification of what the plan has paid toward your medical expenses. It will indicate any amounts you owe towards your **deductible**, **payment percentage**, or other non-covered expenses you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

Important Note
Failure to **precertify** services and supplies provided by an **out-of-network provider** will result in a reduction of benefits or no coverage for the services and supplies under this Booklet. Please refer to the *Understanding Precertification* section for information on how to request precertification and the **precertification** benefit reduction.

NOTE: There is no Out-of-Network benefit at all at the facilities listed below, other than outpatient and inpatient emergency services. This means that there is no Out-of-Network coverage for both:

- health care services provided by the facility; and
- health care services provided by physicians and other health care professionals at the facility.

- Houston Physicians Hospital
- University General Hospital, LP
- Victory Medical Center LP
- Oprex Surgery Houston LP
- Houston MicroSurgery Institute
- International Center for Surgical Science
- First Street Hospital
- Spars Surgical Center
- Houston Metro Ortho and Spine Surgery Ctr
- Kirby Surgical Center

For coverage of outpatient and inpatient emergency services by participating and non-participating providers, Health Plan may require a member to submit medical records supporting the emergency medical condition. It is the member's responsibility to submit any requested medical records. One or more providers may submit any requested medical records on the member's behalf, but it remains the member's responsibility to ensure that all requested medical records are submitted. If the member (or providers on the member's behalf) does not submit all requested medical records, all claims for coverage of outpatient and inpatient emergency services will be denied.

Cost Sharing for Out-of-Network Benefits

Important Note
You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the *Schedule of Benefits*.

- **Out-of-network providers** have not agreed to accept the **negotiated charge. Aetna** will reimburse you for a **covered expense,** incurred from an **out-of network provider,** up to the **recognized charge** and the maximum benefits under this Plan, less any cost-sharing required by you such as **deductibles** and **payment percentage**. The **recognized charge** is the maximum amount **Aetna** will pay for a **covered expense** from an **out-of-network provider**. Your **payment percentage** will be based on the **recognized charge**. If your **out-of-network provider** charges more than the **recognized charge**, you will be responsible for any expenses above the **recognized charge**. Except for emergency services, **Aetna** will only pay up to the **recognized charge.**
- You must satisfy any applicable **deductibles** before the plan begins to pay benefits.
- **Deductibles** and **payment percentage** are usually higher when you use **out-of-network providers** than when you use **network providers**.

- After you satisfy any applicable **deductible**, you will be responsible for any applicable **payment percentage** for **covered expenses** that you incur. You will be responsible for your **payment percentage** up to the **maximum out-of-pocket limit** applicable to your plan.
- Once you satisfy any applicable **maximum out-of-pocket limit**, the plan will pay 100% of the **covered expenses** that apply toward the limit for the rest of the Calendar Year. Certain designated out-of-pocket expenses may not apply to the **maximum out-of-pocket limit**. Refer to the *Schedule of Benefits* section for information on what expenses do not apply and for the specific **maximum out-of-pocket limit** amounts that apply to your plan.
- The plan will pay for **covered expenses**, up to the maximums shown in the *What the Plan Covers* or *Schedule of Benefits* section. You are responsible for any expenses incurred over the maximum limits outlined in the *What the Plan Covers* or the *Schedule of Benefits* sections.
- You may be billed for any **deductible** or **payment percentage** amounts, or any non-covered expenses that you incur.

Understanding Precertification

Precertification

Inpatient **stays** require **precertification** by **Aetna**. **Precertification** is a process that helps you and your **physician** determine whether the services being recommended are **covered expenses** under the plan. It also allows **Aetna** to help your provider coordinate your transition from an inpatient setting to an outpatient setting (called discharge planning), and to register you for specialized programs or case management when appropriate.

You do not need to **precertify** services provided by a **network provider**. **Network providers** will be responsible for obtaining necessary **precertification** for you. Since **precertification** is the provider's responsibility, there is no additional out-of-pocket cost to you as a result of a **network provider's** failure to **precertify** services.

When you go to an **out-of-network provider**, it is your responsibility to obtain **precertification** from **Aetna** for any services on the **precertification** list below. If you do not **precertify**, your benefits may be reduced, or the plan may not pay any benefits. The list of services requiring **precertification** follows on the next page.

Important Note
Please read the following sections in their entirety for important information on the **precertification** process, and any impact it may have on your coverage.

The Precertification Process

Prior to being **hospitalized** there are certain **precertification** procedures that must be followed.

You or a member of your family, a **hospital** staff member, or the attending **physician**, must notify **Aetna** to **precertify** the admission prior to receiving any of the services or supplies that require **precertification** pursuant to this Booklet in accordance with the following timelines:

Precertification should be secured within the timeframes specified below. To obtain **precertification**, call **Aetna** at the telephone number listed on your ID card. This call must be made:

For non-emergency admissions:	You, your **physician** or the facility will need to call and request **precertification** at least 14 days before the date you are scheduled to be admitted.
For an **emergency admission**:	You, your **physician** or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.
For an **urgent admission**:	You, your **physician** or the facility will need to call before you are scheduled to be admitted. An urgent admission is a **hospital** admission by a **physician** due to the onset of or change in an **illness**; the diagnosis of an **illness**; or an **injury**.

Aetna will provide a written notification to you and your **physician** of the **precertification** decision. If your **precertified** expenses are approved the approval is good for 60 days as long as you remain enrolled in the plan.

When you have an inpatient admission to a facility, **Aetna** will notify you, your **physician** and the facility about your **precertified** length of **stay**. If your **physician** recommends that your **stay** be extended, additional days will need to be certified. You, your **physician**, or the facility will need to call **Aetna** at the number on your ID card as soon as reasonably possible, but no later than the final authorized day. **Aetna** will review and process the request for an extended **stay**. You and your **physician** will receive a notification of an approval or denial.

If **precertification** determines that the **stay** is not a **covered expense**, the notification will explain why and how **Aetna**'s decision can be appealed. You or your provider may request a review of the **precertification** decision pursuant to the Claims and Appeals section included with this Booklet.

Services and Supplies Which Require Precertification

Precertification is required for the following types of medical expenses:

Inpatient Care

- **Stays** in a **hospital; and**
- **Stays** in a **treatment facility**

How Failure to Precertify Affects Your Benefits

A **precertification** benefit reduction will be applied to the benefits paid if you fail to obtain a required **precertification** prior to incurring medical expenses. This means **Aetna** will reduce the amount paid towards your coverage, or your expenses may not be covered. You will be responsible for the unpaid balance of the bills.

You are responsible for obtaining the necessary **precertification** from **Aetna** prior to receiving services from an **out-of-network provider**. Your provider may **precertify** your treatment for you; however you should verify with **Aetna** prior to the procedure, that the provider has obtained **precertification** from **Aetna**. If your treatment is not **precertified** by you or your provider, the benefit payable may be significantly reduced or your expenses may not be covered.

How Your Benefits are Affected

The chart below illustrates the effect on your benefits if necessary **precertification** is not obtained.

If **precertification** is:	then the expenses are:
▪ requested and approved by **Aetna**.	▪ covered.
▪ requested and denied.	▪ not covered, may be appealed.

▪ not requested, but would have been covered if requested.	▪ covered after a **precertification** benefit reduction is applied.*
▪ not requested, would not have been covered if requested.	▪ not covered, may be appealed.

It is important to remember that any additional out-of-pocket expenses incurred because your **precertification** requirement was not met will not count toward your **deductible** or **payment percentage** or **maximum out-of-pocket limit**.

*Refer to the *Schedule of Benefits* section for the amount of **precertification** benefit reduction that applies to your plan.

Emergency and Urgent Care

You have coverage 24 hours a day, 7 days a week, anywhere inside or outside the plan's service area, for:

- An **emergency medical condition**; or
- An **urgent condition**.

In Case of a Medical Emergency

When **emergency care** is necessary, please follow the guidelines below:

- Seek the nearest emergency room, or dial 911 or your local emergency response service for medical and ambulatory assistance. If possible, call your **physician** provided a delay would not be detrimental to your health.
- After assessing and stabilizing your condition, the emergency room should contact your **physician** to obtain your medical history to assist the emergency **physician** in your treatment.
- If you are admitted to an inpatient facility, notify your **physician** as soon as reasonably possible.

- If you seek care in an emergency room for a non-emergency condition, your benefits will be reduced. Please refer to the *Schedule of Benefits* for specific details about the plan. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the plan.

Coverage for Emergency Medical Conditions

Refer to **Coverage for Emergency Medical Conditions** in the *What the Plan Covers* section.

Important Reminder
If you visit a **hospital** emergency room for a non-emergency condition, the plan will pay a reduced benefit, as shown in the *Schedule of Benefits*. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the Plan.

In Case of an Urgent Condition

Call your **physician** if you think you need urgent care. **Network providers** are required to provide urgent care coverage 24 hours a day, including weekends and holidays. You may contact any **physician** or **urgent care provider**, in- or out-of-network, for an **urgent care condition** if you cannot reach your **physician**.

If it is not feasible to contact your **network provider**, please do so as soon as possible after urgent care is provided. If you need help finding a **network urgent care provider** you may call Member Services at the toll-free number on your I.D. card, or you may access **Aetna**'s online provider directory at www.aetna.com.

Coverage for an Urgent Condition

Refer to **Coverage for Urgent Medical Conditions** in the *What the Plan Covers* section.

Follow-Up Care After Treatment of an Emergency or Urgent Medical Condition

Follow-up care is not considered an emergency or **urgent condition** and is not covered as part of any emergency or urgent care visit. Once you have been treated and discharged, you should contact your **physician** for any necessary follow-up care.

For coverage purposes, follow-up care is treated as any other expense for **illness** or **injury**. If you access a **hospital** emergency room for follow-up care, your coverage will be reduced and you will be responsible for more of the cost of your treatment. Refer to your *Schedule of Benefits* for cost sharing information applicable to your plan.

To keep your out-of-pocket costs lower, your follow-up care should be provided by a **network provider**.

You may use an **out-of-network provider** for your follow-up care. You will be subject to the **deductible and payment percentage** that apply to out-of-network expenses, which may result in higher out-of-pocket costs to you.

Important Notice

Follow up care, which includes (but is not limited to) suture removal, cast removal and radiological tests such as x-rays, should ***not*** be provided by an emergency room facility.

Requirements For Coverage

To be covered by the plan, services and supplies must meet all of the following requirements:

1. The service or supply must be covered by the plan. For a service or supply to be covered, it must:

   - Be included as a covered expense in this Booklet;
   - Not be an excluded expense under this Booklet. Refer to the *Exclusions* sections of this Booklet for a list of services and supplies that are excluded;
   - Not exceed the maximums and limitations outlined in this Booklet. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for information about certain expense limits; and
   - Be obtained in accordance with all the terms, policies and procedures outlined in this Booklet.

2. The service or supply must be provided while coverage is in effect. See the *Who Can Be Covered, How and When to Enroll, When Your Coverage Begins, When Coverage Ends* and *Continuation of Coverage* sections for details on when coverage begins and ends.

3. The service or supply must be **medically necessary**. To meet this requirement, the medical services or supply must be provided by a **physician**, or other health care provider, exercising prudent clinical judgment, to a patient for the purpose of preventing, evaluating, diagnosing or treating an **illness**, **injury**, disease or its symptoms. The provision of the service or supply must be:
   (a) In accordance with generally accepted standards of medical practice;
   (b) Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's **illness**, **injury** or disease; and
   (c) Not primarily for the convenience of the patient, **physician** or other health care provider;
   (d) And not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's **illness**, **injury**, or disease.

For these purposes "generally accepted standards of medical practice" means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, or otherwise consistent with **physician** specialty society recommendations and the views of **physicians** practicing in relevant clinical areas and any other relevant factors.

Important Note
Not every service or supply that fits the definition for **medical necessity** is covered by the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. For example some benefits are limited to a certain number of days, visits or a dollar maximum. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for the plan limits and maximums.

Outpatient Hospital Expenses

Covered expenses include **hospital** charges made for covered services and supplies provided by the outpatient department of a **hospital**.

Important Reminders

The plan will only pay for nursing services provided by the **hospital** as part of its charge. The plan does *not* cover private duty nursing services as part of an inpatient **hospital** stay.

If a **hospital** or other health care facility does not itemize specific **room and board** charges and other charges, **Aetna** will assume that 40 percent of the total is for **room and board** charge, and 60 percent is for other charges.

Hospital admissions need to be **precertified** by **Aetna**. Refer to *How the Plan Works* for details about **precertification**.

In addition to charges made by the **hospital**, certain **physicians** and other providers may bill you separately during your stay.

Refer to the *Schedule of Benefits* for any applicable **deductible**, **copay** and **payment percentage** and maximum benefit limits.

- Radiologists and pathologists services.

Please contact a **network provider** after receiving treatment for an **emergency medical condition**.

Coverage for Urgent Conditions

Covered expenses include charges made by a **hospital** or **urgent care provider** to evaluate and treat an **urgent condition**.

Your coverage includes:

- Use of emergency room facilities when network urgent care facilities are not in the service area and you cannot reasonably wait to visit your **physician**;
- Use of urgent care facilities;
- **Physicians** services;
- Nursing staff services; and
- Radiologists and pathologists services.

Please contact a **network provider** after receiving treatment of an **urgent condition**.

Important Note
Benefits for surgery services performed in a **physician**'s or **dentist**'s office are described under Physician Services benefits in the previous section.

The following outpatient surgery expenses are covered:

- Services and supplies provided by the **hospital**, **surgery center** on the day of the procedure;

Not covered under this plan are charges made for:

- The services of a **physician** or other health care provider who renders technical assistance to the operating **physician**.
- A **stay** in a **hospital**.
- Facility charges for office based surgery.

Birthing Center

Covered expenses include charges made by a **birthing center** for services and supplies related to your care in a **birthing center** for:

In figuring the Calendar Year Maximum Visits, each visit of up to 4 hours is one visit.

This maximum will not apply to care given by an **R.N.** or **L.P.N.** when:

- Care is provided within 10 days of discharge from a **hospital** or **skilled nursing facility** as a full-time inpatient; and
- Care is needed to transition from the **hospital** or **skilled nursing facility** to home care.

When the above criteria are met, **covered expenses** include up to 12 hours of continuous care by an **R.N.** or **L.P.N.** per day.

Coverage for Home Health Care services is not determined by the availability of caregivers to perform them. The absence of a person to perform a non-skilled or **custodial care** service does not cause the service to become covered. If the covered person is a minor or an adult who is dependent upon others for non-skilled care (e.g. bathing, eating, toileting), coverage for home health services will only be provided during times when there is a family member or caregiver present in the home to meet the person's non-skilled needs.

- Inpatient and outpatient expenses directly related to a transplant.

Covered transplant expenses are typically incurred during the four phases of transplant care described below. Expenses incurred for one transplant during these four phases of care will be considered one transplant occurrence.

A transplant occurrence is considered to begin at the point of evaluation for a transplant and end either 180 days from the date of the transplant; ***or*** upon the date you are discharged from the **hospital** or outpatient facility for the admission or visit(s) related to the transplant, whichever is later.

The four phases of one transplant occurrence and a summary of covered transplant expenses during each phase are:

1. Pre-transplant evaluation/screening: Includes all transplant-related professional and technical components required for assessment, evaluation and acceptance into a transplant facility's transplant program;
2. Pre-transplant/candidacy screening: Includes HLA typing/compatibility testing of prospective organ donors who are immediate family members;

4. Follow-up care: Includes all covered transplant expenses; home health care services; home infusion services; and transplant-related outpatient services rendered within 180 days from the date of the transplant event.

If you are a participant in the **IOE** program, the program will coordinate all solid organ and bone marrow transplants and other specialized care you need. Any **covered expenses** you incur from an **IOE** facility will be considered network care expenses.

The plan will pay for **covered expenses** up to the maximum benefits shown in this Booklet. Coverage is subject to all the terms, policies and procedures outlined in this Booklet. Not all vision care expenses are covered under the plan. Exclusions and limitations apply to certain services, supplies and expenses. Refer to the *What the Plan Covers*, *Exclusions* and *Schedule of Benefits* sections to determine what expenses are covered, excluded or limited.

Important Notes:

- Unless otherwise indicated, "you" refers to you and your covered dependents
- Your health plan pays benefits only for services and supplies described in this Booklet as **covered expenses** that are medically necessary.
- This Booklet applies to coverage only and does not restrict your ability to receive health care services that are not or might not be covered benefits under this vision expense plan.
- Store this Booklet in a safe place for future reference.

Getting Started: Common Terms

You will find terms used throughout this Booklet. They are described within the sections that follow, and you can also refer to the *Glossary* at the back of this document for helpful definitions. Words in bold print throughout the document are defined in the *Glossary*.

About the Basic Vision Expense Plan

Using the Plan

The Basic Vision Expense plan will pay for **covered expenses**, up to the maximums shown in the *Schedule of Benefits*.

- You can directly access **physicians** and other vision care providers of your choice for covered vision services and supplies under the plan.
- You may have to pay the **provider** or facility full charges and submit a claim to receive reimbursement from the plan. You will be responsible for completing and submitting claim forms for reimbursement of **covered expenses** you paid directly to the provider. **Aetna** will reimburse you for a **covered expense** up to the **recognized charge**, less any cost sharing required by you.
- You will receive notification of what the plan has paid toward your **covered expenses**. It will indicate any amounts you owe towards your **deductible**, **payment percentage** or other non-covered expenses you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

Cost Sharing

Important Note:

- After you satisfy any applicable **deductible**, you will be responsible for any applicable **payment percentage** for **covered expenses** that you incur.
- Your **payment percentage** will be based on the **recognized charge**. If the health care **provider** you select charges more than the **recognized charge**, you will be responsible for any expenses above the **recognized charge**.
- The plan will pay for **covered expenses**, up to the maximums shown in the *What the Plan Covers* or *Schedule of Benefits* sections. You are responsible for any expenses incurred over the maximum limits outlined in the *What the Plan Covers* or *Schedule of Benefits* sections.

Basic Vision Expense Plan

What the Plan Covers

This plan covers charges for certain vision care supplies described below. The plan limits coverage to a maximum benefit amount per benefit period. Refer to your *Schedule of Benefits* to determine the maximum benefits that apply to your plan, if any. You are responsible for any cost-sharing amounts, and any expenses you incur in excess of the benefit maximum, listed in the *Schedule of Benefits*.

Coverage is subject to the exclusions listed in the *Vision Care Exclusions* section of this Booklet.

Benefits for Vision Care Supplies After Your Coverage Terminates

If your coverage under the plan terminates while you are not totally disabled, the plan will cover expenses you incur for eyeglasses and contact lenses within 30 days after your coverage ends if:

- A complete eye exam was performed in the 30 days before your coverage ended, and the exam included refraction; and
- The exam resulted in lenses being prescribed for the first time, or new lenses ordered due to a change in **prescription**.

Coverage is subject to the benefit maximums described above and in your *Schedule of Benefits*.

Vision Plan Exclusions

Not every vision care service or supply is covered by the plan, even if prescribed, recommended, or approved by your **physician**. The plan covers only those services and supplies that are **medically necessary** and included in the *What the Plan Covers* section. Charges made for the following are not covered except to the extent listed under the *What the Plan Covers* section or by amendment attached to this Booklet . In addition, some services are specifically limited or excluded. This section describes expenses that are not covered or subject to special limitations.

Coordination of Benefits - What Happens When There is More Than One Health Plan

Other Plans Not Including Medicare

Other Plans Not Including Medicare

Some persons have health coverage in addition to coverage under this Plan. Under these circumstances, it is not intended that a plan provide duplicate benefits. For this reason, many plans, including this Plan, have a "coordination of benefits" provision.

Under the coordination of benefits provision of this Plan, the amount normally reimbursed under this Plan is reduced to take into account payments made by "other plans".

When this and another health expenses coverage plan applies, the order in which the various plans will pay benefits must be figured. This will be done as follows using the first rule that applies:

1. A plan with no rules for coordination with other benefits will be deemed to pay its benefits before a plan which contains such rules.
2. A plan which covers a person other than as a dependent will be deemed to pay its benefits before a plan which covers the person as a dependent; except that if the person is also a Medicare beneficiary and as a result of the Social Security Act of 1965, as amended, Medicare is:
   - secondary to the plan covering the person as a dependent; and
   - primary to the plan covering the person as other than a dependent;

The benefits of a plan which covers the person as a dependent will be determined before the benefits of a plan which:

   - covers the person as other than a dependent; and
   - is secondary to Medicare.

3. Except in the case of a dependent child whose parents are divorced or separated; the plan which covers the person as a dependent of a person whose birthday comes first in a calendar year will be primary to the plan which covers the person as a dependent of a person whose birthday comes later in that calendar year. If both parents have the same birthday, the benefits of a plan which covered one parent longer are determined before those of a plan which covered the other parent for a shorter period of time.

If the other plan does not have the rule described in this provision (3) but instead has a rule based on the gender of the parent and if, as a result, the plans do not agree on the order of benefits, the rule in the other plan will determine the order of benefits.

4. In the case of a dependent child whose parents are divorced or separated:
   a. If there is a court decree which states that the parents shall share joint custody of a dependent child, without stating that one of the parents is responsible for the health care expenses of the child, the order of benefit determination rules specified in (3) above will apply.
   b. If there is a court decree which makes one parent financially responsible for the medical, dental or other health care expenses of such child, the benefits of a plan which covers the child as a dependent of such parent will be determined before the benefits of any other plan which covers the child as a dependent child.
   c. If there is not such a court decree:

If the parent with custody of the child has not remarried, the benefits of a plan which covers the child as a dependent of the parent with custody of the child will be determined before the benefits of a plan which covers the child as a dependent of the parent without custody.

If the parent with custody of the child has remarried, the benefits of a plan which covers the child as a dependent of the parent with custody shall be determined before the benefits of a plan which covers that child as a dependent of the stepparent. The benefits of a plan which covers that child as a dependent of the stepparent will be determined before the benefits of a plan which covers that child as a dependent of the parent without custody.

5. If 1, 2, 3 and 4 above do not establish an order of payment, the plan under which the person has been covered for the longest will be deemed to pay its benefits first; except that:

The benefits of a plan which covers the person on whose expenses claim is based as a:

- laid-off or retired employee; or
- the dependent of such person;

Shall be determined after the benefits of any other plan which covers such person as:

- an employee who is not laid-off or retired; or
- a dependent of such person.

If the other plan does not have a provision:

- regarding laid-off or retired employees; and
- as a result, each plan determines its benefits after the other;

then the above paragraph will not apply.

The benefits of a plan which covers the person on whose expenses claim is based under a right of continuation pursuant to federal or state law shall be determined after the benefits of any other plan which covers the person other than under such right of continuation.

If the other plan does not have a provision:

- regarding right of continuation pursuant to federal or state law; and
- as a result, each plan determines its benefits after the other;

then the above paragraph will not apply.

The general rule is that the benefits otherwise payable under this Plan for all expenses incurred in a calendar year will be reduced by all "other plan" benefits payable for those expenses. When the coordination of benefits rules of this Plan and an "other plan" both agree that this Plan determines its benefits before such other plan, the benefits of the other plan will be ignored in applying the general rule above to the claim involved.

In order to administer this provision, Aetna can release or obtain data. Aetna can also make or recover payments.

When this provision operates to reduce the total amount of benefits otherwise payable as to a person covered under this Plan during a calendar year, each benefit that would be payable in the absence of this provision will be reduced proportionately. Such reduced amount will be charged against any applicable benefit limit of this Plan.

Other Plan
This means any other plan of health expense coverage under:

- Group insurance.
- Any other type of coverage for persons in a group. This includes plans that are insured and those that are not.
- No-fault auto insurance required by law and provided on other than a group basis. Only the level of benefits required by the law will be counted.

When You Have Medicare Coverage

Effect of Medicare

Health Expense Coverage under this Plan will be changed for any person while eligible for Medicare.

A person is "eligible for Medicare" if he or she:

- Is covered under it;
- Is not covered under it because of:
  - Having refused it;
  - Having dropped it;
  - Having failed to make proper request for it.

These are the changes:

- The total amount of "regular benefits" under all Health Expense Benefits will be figured. (This will be the amount that would be payable if there were no Medicare benefits.) If this is more than the amount Medicare provides for the expenses involved, this Plan will pay the difference. Otherwise, this Plan will pay no benefits. This will be done for each claim.
- Charges used to satisfy a person's Part B deductible under Medicare will be applied under this Plan in the order received by **Aetna**. Two or more charges received at the same time will be applied starting with the largest first.
- Medicare benefits will be taken into account for any person while he or she is eligible for Medicare. This will be done whether or not he or she is entitled to Medicare benefits.
- Any rule for coordinating "other plan" benefits with those under this Plan will be applied after this Plan's benefits have been figured under the above rules. Any benefits under Medicare will not be deemed to be an "Allowable Expense."

Coverage will not be changed at any time when your Employer's compliance with federal law requires this Plan's benefits for a person to be figured before benefits are figured under Medicare.

Note: If you use a provider who has opted out of, dis-enrolled from, or is non participating with Medicare, we will assume that Medicare benefits exist. Your Dow Plan will reduce the benefits by the amount that would have been paid by Medicare had the provider not opted out of, or dis-enrolled from Medicare.

General Provisions

Type of Coverage

Coverage under the plan is **non-occupational**. Only **non-occupational** accidental **injuries** and **non-occupational illnesses** are covered. The plan covers charges made for services and supplies only while the person is covered under the plan.

Physical Examinations

Aetna will have the right and opportunity to examine and evaluate any person who is the basis of any claim at all reasonable times while a claim is pending or under review. This will be done at no cost to you.

Legal Action

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

Additional Provisions

The following additional provisions apply to your coverage:

- This Booklet applies to coverage only, and does not restrict your ability to receive health care services that are not, or might not be, covered.
- You cannot receive multiple coverage under the plan because you are connected with more than one employer.
- In the event of a misstatement of any fact affecting your coverage under the plan, the true facts will be used to determine the coverage in force.
- This document describes the main features of the plan. If you have any questions about the terms of the **Aetna** medical benefits plan or about the proper payment of benefits, contact your employer or **Aetna**.
- The **Aetna** medical benefits plan may be changed or discontinued with respect to your coverage.

Assignments

Coverage and your rights under this **Aetna** medical benefits plan may not be assigned. A direction to pay a provider is not an assignment of any right under this plan or of any legal or equitable right to institute any court proceeding.

Misstatements

Aetna's failure to implement or insist upon compliance with any provision of this **Aetna** medical benefits plan at any given time or times, shall not constitute a waiver of **Aetna's** right to implement or insist upon compliance with that provision at any other time or times.

Fraudulent misstatements in connection with any claim or application for coverage may result in termination of all coverage under this **Aetna** medical benefits plan.

Reporting of Claims

A claim must be submitted to **Aetna** in writing. It must give proof of the nature and extent of the loss. Your employer has claim forms.

All claims should be reported promptly. The deadline for filing a claim is 90 days after the date of the loss.

If, through no fault of your own, you are not able to meet the deadline for filing claim, your claim will still be accepted if you file as soon as possible. Unless you are legally incapacitated, late claims for health benefits will not be covered if they are filed later than the end of the Calendar Year following the year the eligible expenses were incurred.

Payment of Benefits

Benefits will be paid as soon as the necessary proof to support the claim is received. Written proof must be provided for all benefits.

All covered health benefits are payable to you. However, **Aetna** has the right to pay any health benefits to the service provider. This will be done unless you have told **Aetna** otherwise by the time you file the claim.

The Plan may pay up to $1,000 of any other benefit to any of your relatives whom it believes fairly entitled to it. This can be done if the benefit is payable to you and you are a minor or not able to give a valid release.

When a **physician** provides care for you or a covered dependent, or care is provided by a **network provider** on referral by your **physician** (**network services or supplies**), the **network provider** will take care of filing claims. However, when you seek care on your own **(out-of-network services and supplies**), you are responsible for filing your own claims.

Records of Expenses

Keep complete records of the expenses of each person. They will be required when a claim is made.

Very important are:

- Names of **physicians**, **dentists** and others who furnish services.
- Dates expenses are incurred.
- Copies of all bills and receipts.

Contacting Aetna

If you have questions, comments or concerns about your benefits or coverage, or if you are required to submit information to **Aetna**, you may contact **Aetna**'s Home Office at:

Aetna Life Insurance Company
151 Farmington Avenue
Hartford, CT 06156

You may also use **Aetna**'s toll free Member Services phone number on your ID card or visit **Aetna**'s web site at www.aetna.com.

Effect of Benefits Under Other Plans

Effect of A Health Maintenance Organization Plan (HMO Plan) On Coverage

If you are in an eligible class and have chosen coverage under an HMO Plan offered by your employer, you will be excluded from medical expense coverage (except Vision Care, if any,) on the date of your coverage under such HMO Plan.

If you are in an eligible class and are covered under an HMO Plan, you can choose to change to coverage for yourself and your covered dependents under this plan. If you:

- Live in an HMO Plan enrollment area and choose to change coverage during an open enrollment period, coverage will take effect on the group contract anniversary date after the open enrollment period. There will be no rules for waiting periods or preexisting conditions.
- Live in an HMO Plan enrollment area and choose to change coverage when there is not an open enrollment period, coverage will take effect only if and when **Aetna** gives its written consent.
- Move from an HMO Plan enrollment area or if the HMO discontinues and you choose to change coverage within 31 days of the move or the discontinuance, coverage will take effect on the date you elect such coverage. There will be no restrictions for waiting periods or preexisting conditions. If you choose to change coverage after 31 days, coverage will take effect only if and when **Aetna** gives its written consent.

No benefits will be paid for any charges for services rendered or supplies furnished under an HMO Plan.

Discount Programs

Discount Arrangements

From time to time, we may offer, provide, or arrange for discount arrangements or special rates from certain service providers such as pharmacies, optometrists, **dentists**, alternative medicine, wellness and healthy living providers to you under this plan. Some of these arrangements may be made available through third parties who may make payments to **Aetna** in exchange for making these services available.

The third party service providers are independent contractors and are solely responsible to you for the provision of any such goods and/or services. We reserve the right to modify or discontinue such arrangements at any time. These discount arrangements are not insurance. There are no benefits payable to you nor do we compensate providers for services they may render through discount arrangements.

Incentives

In order to encourage you to access certain medical services when deemed appropriate by you in consultation with your **physician** or other service providers, we may, from time to time, offer to waive or reduce a member's **copayment**, **payment percentage**, and/or a **deductible** otherwise required under the plan or offer coupons or other financial incentives. We have the right to determine the amount and duration of any waiver, reduction, coupon, or financial incentive and to limit the covered persons to whom these arrangements are available.

Claim Determinations

Urgent Care Claims

Aetna will make notification of an **urgent care claim** determination as soon as possible but not more than 72 hours after the claim is made.

If more information is needed to make an urgent claim determination, Aetna will notify the claimant within 24 hours of receipt of the claim. The claimant has 48 hours after receiving such notice to provide Aetna with the additional information. Aetna will notify the claimant within 48 hours of the earlier of the receipt of the additional information or the end of the 48 hour period given the **physician** to provide Aetna with the information.

Aetna may determine that due to matters beyond its control an extension of this 15 calendar days claim determination period is required. Such an extension, of not longer than 15 additional calendar days, will be allowed if Aetna notifies you within the first 15 calendar days period. Concurrent Care Claim Reduction or Termination
Aetna will make notification of a claim determination to reduce or terminate a previously approved course of treatment with enough time for you to file an **appeal**.

If you are dissatisfied with the service you receive from the Plan or want to complain about a **provider** you must write Aetna Customer Service within 30 calendar days of the incident. You must include a detailed description of the matter and include copies of any records or documents that you think are relevant to the matter. Aetna will review the information and provide you with a written response within 30 calendar days of the receipt of the **complaint**, unless additional information is needed and it cannot be obtained within this period. The notice of the decision will tell you what you need to do to seek an additional review.

Appeals of Adverse Benefit Determinations
You may submit an **appeal** if Aetna gives notice of an **adverse benefit determination**. This Plan provides for two levels of **appeal**. It will also provide an option to request an external review of the **adverse benefit determination**.

You have 180 calendar days following the receipt of notice of an **adverse benefit determination** to request your level one **appeal**. Your **appeal** may be submitted verbally or in writing and should include:

- Your name;
- Your employer's name;
- A copy of Aetna's notice of an adverse benefit determination;
- Your reasons for making the appeal; and
- Any other information you would like to have considered.

The notice of an **adverse benefit determination** will include the address where the appeal can be sent. If your appeal is of an urgent nature, you may call Aetna's Customer Service Unit at the toll-free phone number on your ID card.

You may also choose to have another person (an authorized representative) make the **appeal** on your behalf by providing verbal or written consent to Aetna.

Level One Appeal - Group Health Claims
A level one **appeal** of an **adverse benefit determination** shall be provided by Aetna personnel not involved in making the **adverse benefit determination**.

Urgent Care Claims (May Include **concurrent care claim reduction or termination**)
Aetna shall issue a decision within 36 hours of receipt of the request for an **appeal**.

Pre-Service Claims (May Include **concurrent care claim reduction or termination**)
Aetna shall issue a decision within 15 calendar days of receipt of the request for an **appeal**.

Post-Service Claims
Aetna shall issue a decision within 30 calendar days of receipt of the request for an appeal.

You may submit written comments, documents, records and other information relating to your claim, whether or not the comments, documents, records or other information were submitted in connection with the initial claim.

A copy of the specific rule, guideline or protocol relied upon in the adverse benefit determination will be provided free of charge upon request by you or your authorized representative. You may also request that the Plan provide you, free of charge, copies of all documents, records and other information relevant to the claim.

Level Two Appeal
If Aetna upholds an **adverse benefit determination** at the first level of **appeal**, you or your authorized representative have the right to file a level two **appeal**. The **appeal** must be submitted within 60 calendar days following the receipt of notice of a level one **appeal**.

A level two **appeal** of an **adverse benefit determination** of an **urgent care claim**, **a Pre-Service Claim**, **or a Post-Service Claim** shall be provided by Aetna personnel not involved in making an **adverse benefit determination**.

Urgent Care Claims (May Include **concurrent care claim reduction or termination**)
Aetna shall issue a decision within 36 hours of receipt of the request for a level two **appeal**.

Pre-Service Claims (May Include **concurrent care claim reduction or termination**)
Aetna shall issue a decision within 15 calendar days of receipt of the request for level two **appeal**.

Post-Service Claims
Aetna shall issue a decision within 30 calendar days of receipt of the request for a level two **appeal**.

If you do not agree with the final determination on review, you have the right to bring a civil action, if applicable.

Exhaustion of Process
You must exhaust the applicable Level one and Level two processes of the Appeal Procedure before you:

- establish any:
  - litigation;
  - arbitration; or
  - administrative proceeding;

regarding an alleged breach of the policy terms by Aetna Life Insurance Company; or any matter within the scope of the Appeals Procedure.

Health Claims – Voluntary Appeals
You may file a voluntary appeal for external review of any final standard appeal determination that qualifies.

If you file a voluntary appeal, any applicable statute of limitations will be tolled while the appeal is pending. The filing of a claim will have no effect on your rights to any other benefits under the Plan. However, the appeal is voluntary and you are not required to undertake it before pursuing legal action.

If you choose not to file for voluntary review, the Plan will not assert that you have failed to exhaust your administrative remedies because of that choice.

External Review

Aetna may deny a claim because it determines that the care is not appropriate or a service or treatment is **experimental or investigational** in nature. In either of these situations, you may request an external review if you or your provider disagrees with Aetna's decision. An external review is a review by an independent **physician**, selected by an External Review Organization, who has expertise in the problem or question involved.

To request an external review, the following requirements must be met:

- You have received notice of the denial of a claim by Aetna; and
- Your claim was denied because Aetna determined that the care was not necessary or was experimental or investigational; and
- The cost of the service or treatment in question for which you are responsible exceeds $500; and
- You have exhausted the applicable internal appeal processes.

The claim denial letter you receive from Aetna will describe the process to follow if you wish to pursue an external review, including a copy of the Request for External Review Form.

You must submit the Request for External Review Form to Aetna within 60 calendar days of the date you received the final claim denial letter. You also must include a copy of the final claim denial letter and all other pertinent information that supports your request.

Aetna will contact the External Review Organization that will conduct the review of your claim. The External Review Organization will select an independent **physician** with appropriate expertise to perform the review. In making a decision, the external reviewer may consider any appropriate credible information that you send along with the Request for External Review Form, and will follow Aetna's contractual documents and plan criteria governing the benefits. You will be notified of the decision of the External Review Organization usually within 30 calendar days of Aetna's receipt of your request form and all necessary information. A quicker review is possible if your **physician** certifies (by telephone or on a separate Request for External Review Form) that a delay in receiving the service would endanger your health. Expedited reviews are decided within 3 to 5 calendar days after Aetna receives the request.

Aetna, the Company and the Health Plan will abide by the decision of the External Review Organization, except where Aetna can show conflict of interest, bias or fraud.

You are responsible for the cost of compiling and sending the information that you wish to be reviewed by the External Review Organization to Aetna. Aetna is responsible for the cost of sending this information to the External Review Organization and for the cost of the external review.

For more information about Aetna's External Review process, call the toll-free Customer Services telephone number shown on your ID card.

R

Recognized Charge

The **covered expense** is only that part of a charge which is the **recognized charge**.

As to medical, vision and hearing expenses, the **recognized charge** for each service or supply is the lesser of:

- What the provider bills or submits for that service or supply; and
- For professional services and other services or supplies not mentioned below:
  - the 85th percentile of the Prevailing Charge Rate;

  for the Geographic Area where the service is furnished.

As to **prescription drug** expenses, the **recognized charge** for each service or supply is the lesser of:

- What the provider bills or submits for that service or supply; and
- 110% of the **Average Wholesale Price (AWP)** or other similar resource. **Average Wholesale Price (AWP)** is the current average wholesale price of a **prescription drug** listed in the Medi-Span weekly price updates (or any other similar publication chosen by **Aetna**).

A service or supply will be treated as a **covered expense** under the Other Health Care benefits category when **Aetna** determines that a **network** provider is not available to provide the service or supply. This includes situations in which you are admitted to a **network hospital** and non-**network physicians**, who provide services to you during your **stay,** bill you separately from the **network hospital.** In those instances, the **recognized charge** for that service or supply is the lesser of:

- What the provider bills or submits for that service or supply; and
- For professional services:
  - the 85th percentile of the Prevailing Charge Rate;

  for the Geographic Area where the service is furnished.

If **Aetna** has an agreement with a provider (directly, or indirectly through a third party) which sets the rate that **Aetna** will pay for a service or supply, then the **recognized charge** is the rate established in such agreement.

Aetna may also reduce the **recognized charge** by applying **Aetna** Reimbursement Policies. **Aetna** Reimbursement Policies address the appropriate billing of services, taking into account factors that are relevant to the cost of the service such as:

- the duration and complexity of a service;
- whether multiple procedures are billed at the same time, but no additional overhead is required;
- whether an assistant surgeon is involved and necessary for the service;
- if follow up care is included;
- whether there are any other characteristics that may modify or make a particular service unique; and
- when a charge includes more than one claim line, whether any services described by a claim line are part of or incidental to the primary service provided.

Aetna Reimbursement Policies are based on **Aetna's** review of: the policies developed for Medicare; the generally accepted standards of medical and dental practice, which are based on credible scientific evidence published in peer-reviewed literature generally recognized by the relevant medical or dental community or which is otherwise consistent with **physician** or dental specialty society recommendations; and the views of **physicians** and dentists practicing in the relevant clinical areas. **Aetna** uses a commercial software package to administer some of these policies.

As used above, Geographic Area and Prevailing Charge Rates are defined as follows:

- Geographic Area: This means an expense area grouping defined by the first three digits of the U.S. Postal Service zip codes. If the volume of charges in a single three digit zip code is sufficient to produce a statistically valid sample, an expense area is made up of a single three digit zip code. If the volume of charges is not sufficient to produce a statistically valid sample, two or more three digit zip codes are grouped to produce a statistically valid sample. When it is necessary to group three digit zip codes, the grouping never crosses state lines.
- Prevailing Charge Rates: These are rates reported by FAIR Health, a nonprofit company, in their database. FAIR Health reviews and, if necessary, changes these rates periodically. **Aetna** updates its systems with these changes within 180 days after receiving them from FAIR Health.

Important Note
Aetna periodically updates its systems with changes made to the Prevailing Charge Rates.

What this means to you is that the **recognized charge** is based on the version of the rates that is in use by **Aetna** on the date that the service or supply was provided.

Additional Information
Aetna's website aetna.com may contain additional information which may help you determine the cost of a service or supply. Log on to **Aetna** Navigator to access the "Estimate the Cost of Care" feature. Within this feature, view our "Cost of Care" and "Member Payment Estimator" tools, or contact our Customer Service Department for assistance.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that you, your physician, or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, you may be required to obtain precertification for any days of confinement that exceed 48 hours (or 96 hours). For information on precertification, contact your plan administrator.
