

ANNUAL FUNDING NOTICE
For
THE ROHM AND HAAS COMPANY RETIREMENT PLAN

Introduction

This notice includes important information about the funding status of your single-employer pension plan (the “Plan”). It also includes general information about the benefit payments guaranteed by the Pension Benefit Guaranty Corporation (“PBGC”), a federal insurance agency. All traditional pension plans (called “defined benefit pension plans”) must provide this notice every year regardless of their funding status. This notice does not mean that the Plan is terminating. It is provided for informational purposes and you are not required to respond in any way. This notice is required by federal law. This notice is for the plan year beginning December 31, 2013 and ending December 30, 2014 (“Plan Year”).

Effective December 30, 2012, the Morton International, Inc. Pension Plan for Collectively-Bargained Employees (“Morton CBE Plan”) was merged into The Rohm and Haas Company Retirement Plan (“ROH Plan”). As a result, the information contained in this notice is also applicable to former Morton CBE Plan participants. The Employer Identification Number and Plan Number for the continuing Plan are 38-1285128 and 003, respectively.

How Well Funded Is Your Plan

The law requires the administrator of the Plan to tell you how well the Plan is funded, using a measure called the “funding target attainment percentage.” The Plan divides the net Plan Assets by Plan Liabilities to get this percentage. In general, the higher the percentage, the better funded the plan. The Plan’s Funding Target Attainment Percentage for the Plan Year and each of the two preceding plan years is shown in the chart below. The chart also shows you how the percentage was calculated.

Funding Target Attainment Percentage				
	2013	2012	2011	
	ROH	ROH	ROH	Morton
1) Valuation Date	12/31/2013	12/31/2012	12/31/2011	12/31/2011
2) Plan Assets				
a) Total Plan Assets	\$1,510,515,264	\$1,386,041,727	\$1,261,029,394	\$130,604,779
b) Funding Standard Carryover Balance	\$0	\$0	\$0	\$0
c) Prefunding Balance	\$190,211,707	\$70,279,379	\$61,454,232	\$4,100,000
d) Net Plan Assets (a) – (b) – (c) = (d)	\$1,320,303,557	\$1,315,762,348	\$1,199,575,162	\$126,504,779
3) Plan Liabilities	\$1,370,525,530	\$1,353,621,784	\$1,499,468,952	\$158,126,706
4) Funding Target Attainment Percentage (2d)/(3)	96.33%	97.20%	80.00%	80.00%
5) Effective Interest Rate	6.61%	6.94%	5.43%	5.51%

Plan Assets and Credit Balances

The chart above shows certain “credit balances” called the Funding Standard Carryover Balance and Prefunding Balance. A plan might have a credit balance, for example, if in a prior year an employer contributed money to the plan above the minimum level required by law. Generally, an employer may credit the excess money toward the minimum level of contributions required by law that it must make in future years. Plans must subtract these credit balances from Total Plan Assets to calculate their Funding Target Attainment Percentage.

Plan Liabilities

Plan Liabilities in line 3 of the chart above is an estimate of the amount of assets the Plan needs on the Valuation Date to pay for promised benefits under the Plan.

Year-End Assets and Liabilities

The asset values in the chart above are measured as of the first day of the Plan Year. They also are “actuarial values.” Actuarial values differ from market values in that they do not fluctuate daily based on changes in the stock or other markets. Actuarial values smooth out those fluctuations and can allow for more predictable levels of future contributions. Despite the fluctuations, market values tend to show a clearer picture of a plan’s funded status at a given point in time. As of December 30, 2014, the fair market value of the Plan’s assets was \$1,572,061,733. On this same date, the Plan’s liabilities, determined using market rates (effective rate of 4.10%), were \$1,833,995,336.

Participant Information

The total number of participants and beneficiaries covered by the Plan on the Valuation Date was 15,311. Of this number, 3,050 were current employees, 6,242 were retired and receiving benefits, and 6,019 were retired or no longer working for the employer and have a right to future benefits.

Funding & Investment Policies

Every pension plan must have a procedure to establish a funding policy for plan objectives. A funding policy relates to how much money is needed to pay promised benefits. The funding policy of the Plan is to contribute to the Plan when pension laws and/or economics either require or encourage funding.

Once money is contributed to the Plan, the money is invested by plan officials, called fiduciaries, who make specific investments in accordance with the Plan’s investment policy. Generally speaking, an investment policy is a written statement that provides the fiduciaries who are responsible for plan investments with guidelines or general instructions concerning investment management decisions. The investment policy of the Plan is to manage the assets in order to pay retirement benefits to plan participants while minimizing reliance on cash contributions from the Company over the life of the Plan. This is accomplished by diversifying investments in various asset classes and earning an acceptable long-term rate of return consistent with an acceptable degree of risk, while considering the liquidity needs of the Plan.

Under the investment policy, the Plan's assets were allocated among the following categories of investments, as of the end of the Plan Year. These allocations are percentages of total assets:

Asset Allocations	Percentage
1. Cash (interest bearing and non-interest bearing)	2%
2. U.S. Government securities	6%
3. Corporate debt instruments (other than employer securities):	0%
Preferred	3%
All other	5%
4. Corporate stocks (other than employer securities):	0%
Preferred	1%
Common	25%
5. Partnership/joint venture interests	27%
6. Real estate (other than employer real property)	1%
7. Loans (other than to participants)	0%
8. Participant loans	0%
9. Value of interest in common/collective trusts	9%
10. Value of interest in pooled separate accounts	3%
11. Value of interest in master trust investment accounts	0%
12. Value of interest in 103-12 investment entities	4%
13. Value of interest in registered investment companies (e.g., mutual funds)	9%
14. Value of funds held in insurance co. general account (unallocated contracts)	0%
15. Employer-related investments:	0%
Employer Securities	0%
Employer real property	0%
16. Buildings and other property used in plan operation	0%
17. Other	5%

For information about the Plans' investment in any of the following types of investments - common/collective trusts, pooled separate accounts, master trust investment accounts, or 103-12 investment entities – contact The Dow Chemical Company, North America Benefits, PO Box 2169, Midland, MI 48674; Telephone for active employees: (877) 623-8079 or online <https://dowbenefits.ehr.com> and click on "Message Center". Telephone for individuals that are no longer employed with the Company: (800) 344-0061 or online <https://dowbenefits.ehr.com> and click on "Message Center".

Right to Request a Copy of the Annual Report

Pension plans must file annual reports with the US Department of Labor. The report is called the "Form 5500." These reports contain financial and other information. You may obtain an electronic copy of your Plan's annual report by going to www.efast.dol.gov and using the search tool. Annual reports are also available from the US Department of Labor, Employee Benefits Security Administration's Public Disclosure Room at 200 Constitution Avenue, NW, Room N-1513, Washington, DC 20210, or by calling 202.693.8673. Or you may obtain a copy of the Plan's annual report by making a written request to the plan administrator. The Plan's annual report also may be obtained through the company's website <http://www.dow.com/friends/benefits/hROH/pension.htm>. Annual reports do not contain personal information, such as the amount of your accrued benefits. You may contact your plan administrator if you want information about your accrued benefits. Your plan administrator is

identified below under “Where to Get More Information.”

Summary of Rules Governing Termination of Single-Employer Plans

If a plan terminates, there are specific termination rules that must be followed under federal law. A summary of these rules follows.

There are two ways an employer can terminate its pension plan. First, the employer can end a plan in a “standard termination” but only after showing the PBGC that such plan has enough money to pay all benefits owed to participants. Under a standard termination, a plan must either purchase an annuity from an insurance company (which will provide you with periodic retirement benefits, such as monthly for life or for a set period of time when you retire) or, if the plan allows, issue one lump-sum payment that covers your entire benefit. Your plan administrator must give you advance notice that identifies the insurance company (or companies) selected to provide the annuity. The PBGC’s guarantee ends upon the purchase of an annuity or payment of the lump-sum. If the plan purchases an annuity for you from an insurance company and that company becomes unable to pay, the applicable state guaranty association guarantees the annuity to the extent authorized by that state’s law.

Second, if the plan is not fully-funded, the employer may apply for a distress termination. To do so, however, the employer must be in financial distress and prove to a bankruptcy court or to the PBGC that the employer cannot remain in business unless the plan is terminated. If the application is granted, the PBGC will take over the plan as trustee and pay plan benefits, up to the legal limits, using plan assets and PBGC guarantee funds.

Under certain circumstances, the PBGC may take action on its own to end a pension plan. Most terminations initiated by the PBGC occur when the PBGC determines that plan termination is needed to protect the interests of plan participants or of the PBGC insurance program. The PBGC can do so if, for example, a plan does not have enough money to pay benefits currently due.

Benefit Payments Guaranteed by the PBGC

When the PBGC takes over a plan, it pays pension benefits through its insurance program. Only benefits that you have earned a right to receive and that cannot be forfeited (called vested benefits) are guaranteed. Most participants and beneficiaries receive all of the pension benefits they would have received under their plan, but some people may lose certain benefits that are not guaranteed.

The amount of benefits that PBGC guarantees is determined as of the plan termination date. However, if a plan terminates during a plan sponsor’s bankruptcy, the amount guaranteed is determined as of the date the sponsor entered bankruptcy.

The PBGC maximum benefit guarantee is set by law and is updated each calendar year. For a plan with a termination date or sponsor bankruptcy date, as applicable in 2015, the maximum guarantee is \$5,011.33 per month or \$60,136 per year, for a benefit paid to a 65-year old retiree with no survivor benefit. If a plan terminates during a plan sponsor's bankruptcy, the maximum guarantee is fixed as of the calendar year in which the sponsor entered bankruptcy. The maximum guarantee is lower for an individual who begins receiving benefits from PBGC before age 65 reflecting the fact that younger retirees are expected to receive more monthly pension checks over their lifetimes. Similarly, the maximum guarantee is higher for an individual who starts receiving benefits from PBGC after age 65. The maximum guarantee by age can be found on PBGC's website, www.pbgc.gov. The guaranteed amount is also reduced if a benefit will be provided to a survivor of the plan participant.

The PBGC guarantees "basic benefits" earned before a plan is terminated, which include:

- Pension benefits at normal retirement age;
- Most early retirement benefits;
- Annuity benefits for survivors of plan participants; and
- Disability benefits for a disability that occurred before the date the plan terminated or the date the sponsor entered bankruptcy, as applicable.

The PBGC does not guarantee certain types of benefits:

- The PBGC does not guarantee benefits for which you do not have a vested right, usually because you have not worked enough years for the company.
- The PBGC does not guarantee benefits for which you have not met all age, service, or other requirements.
- Benefit increases and new benefits that have been in place for less than one year are not guaranteed. Those that have been in place for less than five years are only partly guaranteed.
- Early retirement payments that are greater than payments at normal retirement age may not be guaranteed. For example, a supplemental benefit that stops when you become eligible for Social Security may not be guaranteed.
- Benefits other than pension benefits, such as health insurance, life insurance, death benefits, vacation pay, or severance pay, are not guaranteed.
- The PBGC generally does not pay lump sums exceeding \$5,000.

In some circumstances, participants and beneficiaries still may receive some benefits that are not guaranteed. This depends on how much money the terminated plan has and how much the PBGC recovers from employers for plan underfunding.

For additional general information about the PBGC and the pension insurance program guarantees, go to the "General FAQs about PBGC" on PBGC's website at www.pbgc.gov/generalfaqs. Please contact your employer or plan administrator for specific information about your pension plan or pension benefit. PBGC does not have that information. See "Where to Get More Information About Your Plan," below.

Corporate and Actuarial Information on File with PBGC

A plan sponsor must provide the PBGC with financial information about itself and actuarial information about the plan under certain circumstances, such as when the Funding Target Attainment Percentage of the plan (or any other pension plan sponsored by a member of the sponsor's controlled group) falls below 80 percent (other triggers may also apply). The sponsor of the Plan, The Dow Chemical Company or a member of its controlled group, was subject to this requirement to provide corporate financial information and plan actuarial information to the PBGC. The PBGC uses this information for monitoring and other purposes.

Where to Get More Information

For information about this notice, you may contact The Dow Chemical Company, North America Benefits, PO Box 2169, Midland, MI 48674; Telephone for active employees: (877) 623-8079 or online <https://dowbenefits.ehr.com> and click on "Message Center". Telephone for individuals that are no longer employed with the Company: (800) 344-0661 or online <https://dowbenefits.ehr.com> and click on "Message Center". For identification purposes, the official plan number is 003 and the plan sponsor's name and employer identification number or "EIN" is The Dow Chemical Company and 38-1285128.
