Spinal Manipulation Benefit Maximum per Calendar Year \$500

Expense Provisions

The following provisions apply to your health expense plan.

This section describes cost sharing features, benefit maximums and other important provisions that apply to your Plan. The specific cost sharing features and the applicable dollar amounts or benefit percentages are contained in the attached health expense sections of this *Schedule of Benefits*.

This *Schedule of Benefits* replaces any *Schedule of Benefits* previously in effect under your plan of health benefits.

KEEP THIS SCHEDULE OF BENEFITS WITH YOUR BOOKLET.

Deductible Provisions

All **covered expenses** accumulate toward the **deductibles** except for those **covered expenses** identified later in this *Schedule of Benefits*.

You and each of your covered dependents have separate Calendar Year **deductibles**. Each of you must meet your **deductible** separately and they cannot be combined. This Plan has individual and family Calendar Year **deductibles**.

Calendar Year Deductible

Individual

This is an amount of **covered expenses** incurred each Calendar Year for which no benefits will be paid. This Calendar Year **deductible** applies separately to you and each of your covered dependents. After **covered expenses** reach the Calendar Year **deductible**, this Plan will begin to pay benefits for **covered expenses** for the rest of the Calendar Year.

Family Deductible Limit

When you and each of your covered dependents incur **covered expenses** that apply towards the individual Calendar Year **deductibles**, these expenses will also count toward a family **deductible** limit.

To satisfy this family **deductible** limit for the rest of the Calendar Year, the following must happen:

The combined **covered expenses** that you and each of your covered dependents incur towards the individual Calendar Year **deductibles** must reach this family **deductible** limit in a Calendar Year.

When this occurs in a Calendar Year, the individual Calendar Year **deductibles** for you and your covered dependents will be considered to be met for the rest of the Calendar Year.

Payment Provisions

Payment Percentage

This is the percentage of your **covered expenses** that the plan pays and the percentage of **covered expenses** that you pay. The percentage that the plan pays is referred to as the “Plan Payment Percentage”. Once applicable **deductibles** have been met, your plan will pay a percentage of the **covered expenses**, and you will be responsible for the rest of the costs. The payment percentage may vary by the type of expense. Refer to your *Schedule of Benefits* for payment percentage amounts for each covered benefit.

Payment Limit

The **Payment Limit** is the maximum amount you are responsible to pay for **covered expenses** during the Calendar Year. This Plan has an individual **Payment Limit**. As to the individual **Payment Limit**, each of you must meet your **Payment Limit** separately and they cannot be combined and applied towards one limit.

Certain **covered expenses** do not apply toward the **Payment Limit**. See list below.

Individual

Once the amount of eligible expenses you or your covered dependents have paid during the Calendar Year meets the individual **Payment Limit**, this Plan will pay 100% of the **covered expenses** that apply toward the limit for the rest of the Calendar Year for that person.

Family Payment Limit

When you and each of your covered dependents incur **covered expenses** that apply towards the individual Calendar Year **Payment Limit**, these expenses will also count toward a family **Payment Limit**.

To satisfy this family **Payment Limit**, for the rest of the Calendar Year, the following must happen:

The family **Payment Limit** is a cumulative **Payment Limit** for all family members. The family **Payment Limit** can be met by a combination of family members with no single individual within the family contributing more than the individual **Payment Limit** amount in a Calendar Year.

Expenses That Do Not Apply to Your Payment Limit

Certain covered expenses do not apply toward your plan payment limit. These include:

- Expenses applied toward a **deductible**;
- Charges over the **recognized charge**;
- Expenses applied toward a **copayment**;
- Expenses incurred for outpatient **prescription drugs**;
- Expenses payable at 50%
- Non-covered expenses;
- Expenses for non-emergency use of the emergency room; and
- Expenses that are not paid, or **precertification** benefit reductions because a required **precertification** for the service(s) or supply was not obtained from **Aetna**.

Maximum Benefit Provisions

Lifetime Maximum Benefit

The most the plan will pay for covered expenses incurred by any one covered person during their lifetime is called the Lifetime Maximum Benefit.

General

This Schedule of Benefits replaces any similar Schedule of Benefits previously in effect under your plan of benefits. Requests for coverage other than that to which you are entitled in accordance with this Schedule of Benefits cannot be accepted. This Schedule is part of your Booklet and should be kept with your Booklet.
