

Say hello
to the Aetna HealthSM app

The Aetna Health app makes it easy for your employees to manage their benefits.

From finding a doctor and comparing costs to paying claims and viewing their ID cards, the app gives your people access to the tools and information they need.

Putting them in charge

Our mission is to help your employees achieve their personal health goals on their terms — when, where and how they want. Making health care easy to understand and navigate is an important start. And empowering your people to be healthy and productive improves the health of your organization, too.

View benefits and claims details for the whole family

Search for providers, procedures and medications

Get cost estimates before getting care

Track spending and progress toward meeting deductibles

Check PayFlex[®] HSA, HRA and FSA account balances

Access member ID cards anytime

Aetna is the brand name used for products and services provided by one or more of the Aetna group of subsidiary companies, including Aetna Life Insurance Company and its affiliates (Aetna).

PayFlex[®] is a registered trademark of PayFlex Systems USA, Inc.

Apple, the Apple logo and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries.
