

Louisiana Operations Community Advisory Panel (CAP) Meeting  
February 12, 2015  
Meeting Summary

Attendees:

CAP Members:	Dow Members:
Pee Wee Berthelot	Eduardo Do Val
Deano Moran	Stacey Chiasson
Jason Manola	Mike Albano
Laurie Doiron	Fran Comeaux
Hank Grace	

The CAP meeting was held at the new Ochsner Hospital Clinic in Plaquemine.

Eduardo Do Val, Site Director, announced that Louisiana Operations (LAO) achieved the best ever environmental, health and safety record for the fourth consecutive year. LAO hosted a “Best of the Best” celebration for employees and contract partners to recognize and honor the production units achieving Zeroes across all safety metrics in 2014. Do Val shared that Dow exceeded their 2014 EBITDA goal of \$9.2Billion by making \$9.3Billion in EBITDA and that Louisiana Operations continues to run well and be a positive contributing factor to the corporate goals.

Mike Albano, Responsible Care Leader for LAO, talked about philosophy that when you focus on safety, everything will follow. Albano shared that LAO achieved the lowest number of LOPCs (Loss of Primary Containment) on site. Albano summarized the most recent reporting of well sampling data pursuant to the groundwater remediation cooperative agreement between EPA and LDEQ.

Stacey Chiasson, Public Affairs Leader, informed the CAP that 1000 acres of Dow land, across from the manufacturing complex, has become a Certified Site by Louisiana Department of Economic Development (LED). This means the site is shovel ready for economic development.

Chiasson also shared that Dow distributed over 560 exams in West Baton Rouge and Iberville Parish to students participating in the Dow Westside You Be the Chemist Challenge. The Challenge was hosted at the Math and Science Academy in Iberville Parish. The winners will now go on to the State Competition at LSU, also sponsored by Dow. Chiasson announced that Dow has awarded three \$5,000 PTEC Scholarships to mid-career adults. High school applications are being accepted through April 17.

Melvin Lodge was recognized for his years of service to the CAP. Darlene Ourso will replace Mr. Lodge on the CAP, representing Iberville Parish School Board.

The CAP then was given a tour of the new Ochsner Clinic.
