**Subject: Notification of Legal Entity Changes**

Dear Valued Supplier,

We have initiated a Legal Entity Rationalization (LER) project to simplify our operations at Dow. With these changes, a Dow legal entity you are currently doing business with will change with regards to transaction and invoicing documentation. Please note that not all Dow legal entities you do business with today will be impacted by this rationalization.

To ensure a seamless transition, a **transaction and receiving recess** targeted for September 2023 for the impacted legal entities will occur in the days leading up to the changes. Please note that in response to this change you may need to address invoices to a different legal entity, after these changes occur.

You will receive a second communication to confirm the exact details on specific timing. Transactions and shipment schedules for all other Dow products will not be impacted during this recess period.

We are sharing this with you now, so you can prepare for the upcoming changes, inform appropriate individuals within your organization, and can begin any required system adjustments. Please reference our [LearnAboutDowLE.com](https://www.learnaboutdowle.com) website to review the legal entities that are changing, and which will impact you. In addition, this site contains additional helpful information including a frequently asked questions section and a contact-us section.

We appreciate your support and are committed to making this transition as seamless as possible.

Sincerely,

The Dow Chemical Company
