

Laminating Adhesives New Legal Entity Structure

Dear Valued Supplier,

On May 2, 2024, Dow announced it reached an agreement with Arkema, a leader in specialty materials, outlining the intention to divest its Laminating Adhesives business, part of the Packaging & Specialty Plastics portfolio. The first stage of the process includes transitioning the business into a separate version of Dow's SAP system, the Advanza Tenant. For your planning purposes, the targeted transaction closing date is December 2nd, 2024.

What does this mean for you?

You are receiving this message today because your company currently sends/receives electronic documents, and we want to provide you the opportunity to ensure a smooth transition. We have outlined below the specific changes required for your XML/EDI connection. **Note:** If your company provides services or products to other Dow businesses in the Packaging & Specialty Plastics Divisions, your connection for those businesses will not change.

Action required:

- Kindly set up a new EDI/XML connection with the Advanza Tenant using a new Sender/Receiver ID. This is an important action to prevent any disruptions in electronic message processing after December 2nd, 2024.
- Please confirm your ability to make Sender/Receiver ID update by November 15, 2024.

Required change:

- For the **XML documents** you exchange with the Advanza Tenant the Header information will need to change to the following new DUNS:

	Current Dow Sender/Receiver ID	Upcoming Advanza Sender/Receiver ID
Inbound to you Header.From.PartnerIdentifier	002292043	FR445074685
Outbound from you Header.To.PartnerIdentifier	002292043	FR445074685
Inbound to you Header.From.PartnerIdentifier	480000926	FR445074685
Outbound from you Header.To.PartnerIdentifier	480000926	FR445074685
